Subject: zoning change proposal

Good Morning,
I am opposed to the proposed zoning change for the I 88, Rte. 47 and Merrill Road area. The Phase 1 Site Plan for warehousing facilities is unacceptable. The dramatic increase in semitruck traffic is a safety concern for all residents and the School District's buses. The 24 hour warehouse operations will generate air, water, and light pollution. Water run off will spoil nearby farm fields and perhaps increase flooding of Blackberry Creek onto those properties on Thornapple Tree Rd. My taxes will increase due to the necessary additional fire and police protection as my home value decreases. I am not against proper development but I urge all my Board Members to vote NO on this issue.
Best regards,
John and Carlen Brundige
43 W 483 Thornapple Tree Rd
Property owners since 1989 and myself a resident since 1968 (Bliss Road Family Farm)
