Keep our pumpkins safe

Halloween increases awareness of pedestrian safety and watching out for children when they are out and about. However, we ask that you always think about safety of others as well as yours and those you love. Make sure everyone is safely secured before driving. Use proper child safety seats, don't drive impaired, stay alert and watch for pedestrians. Remember to use a hands free device when using your cell phone in the car or better yet, wait till you are home or stopped somewhere to make that call.

Occasionally, especially at this time of the year, a jack-o-lantern or other lawn ornaments can be a temptation for some. The Sugar Grove Police Department asks that at any time you see or hear something that doesn't sound or look right to call 911 immediately.
