
**VILLAGE OF SUGAR GROVE
BOARD REPORT**

TO: VILLAGE PRESIDENT & BOARD OF TRUSTEES
FROM: ANTHONY SPECIALE, DIRECTOR OF PUBLIC WORKS
BRAD MERKEL, UTILITIES SUPERVISOR
SUBJECT: RESOLUTION: RUST MITIGATION FOR THE WHEEL LOADER
AGENDA: SEPTEMBER 6, 2016 REGULAR BOARD MEETING
DATE: AUGUST 23, 2016

ISSUE

Should the Village Board approve a resolution with Cryder Enterprises for performing rust mitigation on the wheel loader.

DISCUSSION

In an effort to extend the service life of the wheel loader, Staff has identified the need to complete some rust mitigation on the unit. The wheel loader was purchased new in 2001 and has been in service for 15 years. The wheel loader is exposed repeatedly to salt and moisture during the winter months, causing rust to form on the body and the wheels. Staff is proposing to have the affected areas sandblasted, primed and painted to extend the useful service life of the unit. Staff has requested a quote from Cryder Enterprises, Inc. for the work. The estimated cost for repairs is \$8,500. The FYE 17 Budget includes \$10,000 for this project.

Due to the specialized nature of this service, Staff is recommending waiving the bid process and dealing directly with Cryder Enterprises, Inc. for the rust mitigation. Cryder is the contractor that blasts and paints Village fire hydrants annually. Staff has had no issues with their work.

COST

The cost for rust mitigation on the wheel loader is estimated at \$8,500. The Fiscal Year 16-17 Budget, account 01-53-6403: Repair & Maintenance Services: Equipment has \$10,000 included for this project.

RECOMMENDATION

The Village Board waives the competitive bidding process and approves **Resolution # 20160906PW5** for expenditure in the amount of \$8,500 for with Cryder Enterprises, Inc. for rust mitigation on the wheel loader.
