The Honorable Village President  
Members of the Board of Trustees  
Citizens of the Village of Sugar Grove

State law requires all general-purpose local governments publish within six months of the close of each fiscal year a complete set of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) and audited in accordance with auditing standards generally accepted in the United States of America (GAAS) by an independent firm of certified public accountants. Pursuant to this requirement, the Comprehensive Annual Financial Report (CAFR) of the Village of Sugar Grove, Illinois (Village) for the fiscal year ended April 30, 2017, is hereby submitted.

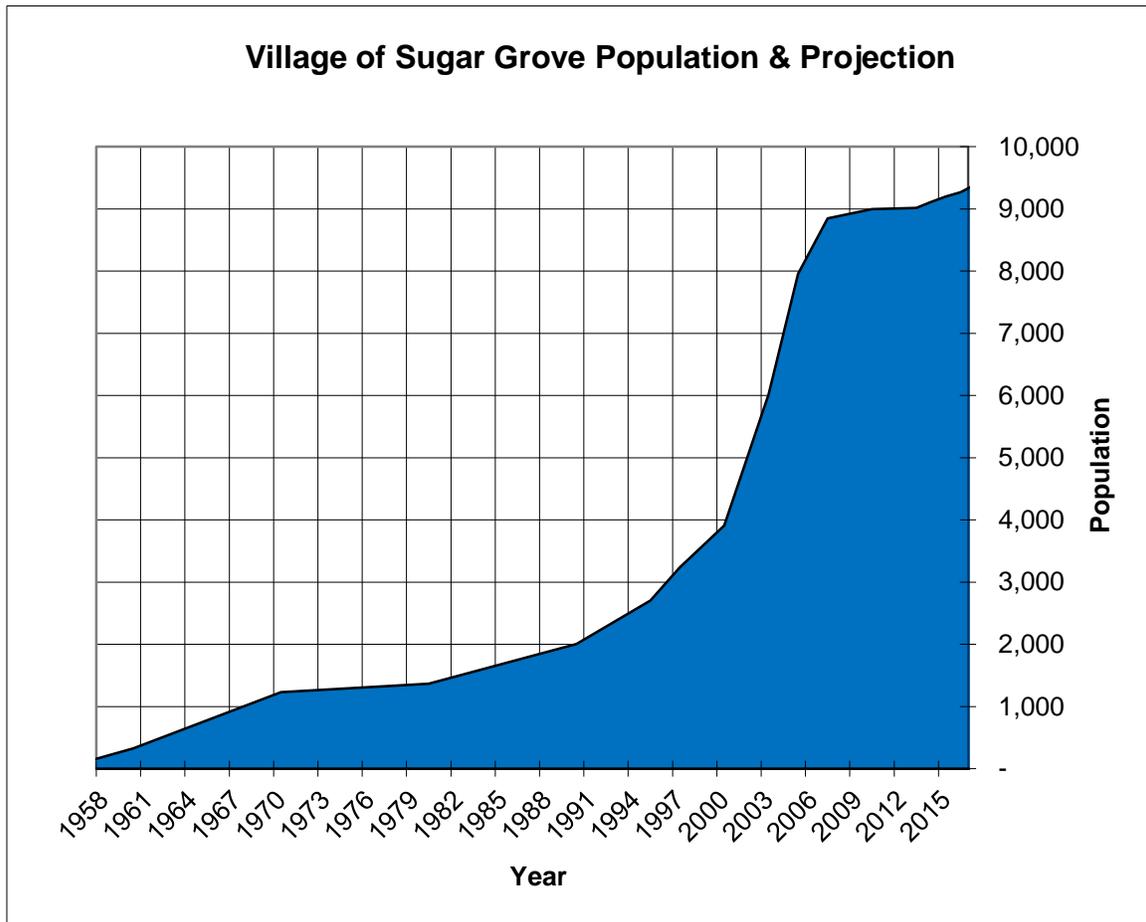

This report consists of management's representations concerning the finances of the Village. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the Village has established a comprehensive internal control framework designed both to protect the Village's assets from loss, theft or misuse and to compile sufficient reliable information for the preparation of the Village's financial statements in conformity with GAAP. Because the cost of internal controls should not exceed anticipated benefits, the Village's comprehensive framework of internal controls has been designed to provide reasonable, rather than absolute, assurance the financial statements will be free of any material misstatement. As management, we assert, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The Village's financial statements have been audited by Lauterbach & Amen, LLP, a firm of licensed certified public accountants. The goal of the independent audit is to provide reasonable assurance the financial statements of the Village for the year ended April 30, 2017, are free of material misstatement. The independent auditor concluded, based upon the audit, there was a reasonable basis for rendering an unmodified opinion and the Village's financial statements for the fiscal year ended April 30, 2017, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

GAAP requires management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The Village's MD&A can be found immediately following the report of the independent auditors on page MD&A 1 of this report.

## Profile of the Village of Sugar Grove

The Village had its beginning as home to Native Americans who called the area “Sin-Qua-Sip”. In 1835, settlers arrived at what is now known as Bliss Woods Forest Preserve. The Village was incorporated in 1957 with a population of approximately 200 residents and until the 1960’s was predominantly a farming community. The Village, a non-home rule community as defined by the Illinois Constitution, is now a diverse middle and upper-middle class residential community covering approximately 9 square miles with a 2010 Census population of 8,997 residents. The Village is located 50 miles west of Chicago, in southern Kane County. The following graph shows how the population has grown over the past 40 years with a majority of the growth taking place in the last 15 years.

Policy making and legislative authority are vested in the Village Board, which consists of the Village President and six Village Trustees. The President is elected at-large to a four-year term and the Trustees are elected at-large to overlapping four-year terms. The Village Board is responsible for, among other things, passing ordinances and resolutions, adopting the budget, and appointing the Village Administrator, Village Clerk, and each of the four department heads. The Village Administrator is responsible for the day-to-day operations and staffing of the Village.

The Village provides a full range of services including police protection, the construction and maintenance of highways, streets and infrastructure, water treatment and distribution, planning and zoning, and general administrative services.

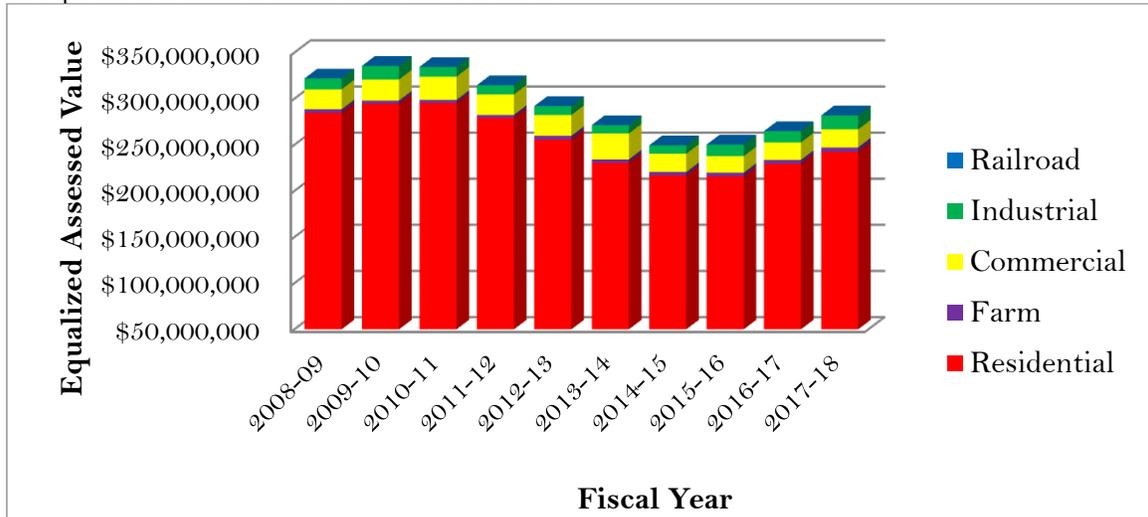

The annual budget serves as the foundation for the Village's financial planning and control. All departments of the Village are required to submit their budget requests to the Finance Director on or before January 31<sup>st</sup> of each year. The Village Administrator and staff use these requests as the starting point for developing the annual proposed budget. The proposed budget is presented to the Village Board at budget workshops throughout February, March, and April of each year. The Village Board is required to hold a public hearing on the proposed budget and to adopt a final budget no later than April 30<sup>th</sup> of each year; the close of the Village's previous fiscal year.

### **Local Economy**

The Village has faced unprecedented challenges over the last couple of years under the Great Recession. Although the recession has ended, the economic recovery continues to be slow. The Village has noticed the number of foreclosures drop and expects that trend to continue, while purchases of homes already foreclosed upon have been on the increase. The Village approved two annexation agreements for a once failed subdivision. Pulte Homes have acquired undeveloped lots within the partially developed subdivision, Settler's Ridge, within the Village. They are to construct 96 more homes on the lots which are undeveloped. The Village fees associated with new home sales, which used to account for over 30% of Village revenues are minimal, but are on the rise. The Village budgeted for 59 permits during fiscal year 2017-2018 and are currently seeing an interest in new home sales. There were 33 new single family permits issued in 2016-2017. The Village expects, it's once failing, housing market to continue to recover over the next few years.

The Village is expecting to see an increase in income, local use and sales tax in the future. Towards the end of fiscal year 2016 – 2017, a couple of large sales tax generating businesses opened, with a couple slated to open the beginning of fiscal year 2017 – 2018.

Property tax revenue is still expected to increase steadily the next few years. The past two years are trending upwards of 5%-6% EAV increase annually. The existing residential areas are among the Village's most important assets. The Village has a diverse mix of detached and attached single family homes and a limited number of multi-family dwelling units. The current residential property tax base accounts for approximately 86.59% of the assessed value of the Village. Equalized assessed valuation is based on the last three years of housing data. Total assessed value increased by 5.81% during fiscal year 2016 – 2017. The most recent data indicates the assessed values are starting to increase at a small pace. It is anticipated that this trend will continue into the future.

Although the recession has ended, the economic recovery continues to be slow. The Village has noticed the number of foreclosures drop and expects that trend to continue, while purchases of homes already foreclosed upon have been on the increase. The Village approved two annexation agreements for a once failed subdivision. Pulte Homes have acquired undeveloped lots within the partially developed subdivision, Settler's Ridge, within the Village. They are to construct 96 more homes on the lots which are undeveloped. The Village fees associated with new home sales, which used to account for over 30% of Village revenues are minimal, but are on the rise. The Village budgeted for 59 permits during fiscal year 2017-2018 and are currently seeing an interest in new home sales. There were 33 new single family permits issued in 2016-2017. The Village expects, it's once failing, housing market to continue to recover over the next few years.

The Village purchased the buildings at 140 and 160 S. Municipal Drive. The purchase was made so that the Police Department could utilize the entire 10 S. Municipal Drive building. The initial proposal was for the Administration and Finance Departments to be relocated in the 140 S. Municipal Drive building, however, the move was put on hold at this time. The building at 160 S. Municipal Drive is currently being rented to three growing businesses. It is the Village's hope that additional tenants will want to use the remaining portion of the building. The 140 S. Municipal Drive building is completely leased.

The Pirhl group opened their newly constructed Senior Apartment complex. This is a 55+ age community with approximately 60 units available for seniors. There seems to be a significant amount of interest in this facility. Dynamic Healthcare Consultants are constructing Prairie Pointe, an assisted living facility, and expected to be open in FY2017-2018. Prairie Pointe will have 72 units, 12 of which will be for memory care.

In addition to the recent additions of Ace Hardware, Dunkin Donuts, Auto Zone, First Secure Bank, LA Tan, two new gas stations, new tenants in Prairie Glen office complex and expansion by two longtime industrial businesses (Selective Label and Quantum Sign), Sugar Grove has experienced an increase in inquiries regarding available commercial and industrial parcels during fiscal year 2016-2017. It is the Village's hope

that additional businesses will locate to Sugar Grove in the near future. Several office parks including the Landings, Prairie Glen and Capital Professional Center were approved prior to the Great Recession and are important in increasing the daytime population that national chain stores and restaurants are looking for. The Village presently in discussion with an industrial developer who proposed to construct 1.6 million square feet of industrial and office space in the Village.

The Village of Sugar Grove is uniquely situated to take advantage of access to multiple transportation options that benefit current and potential businesses in the area. State Highways 47, 30 and 56 run through the Village, with Interstate 88 on our northern border and the proposed Prairie Parkway on the western edge of the Village. The Burlington Northern Santa Fe Railroad, a Class I Railroad, maintains transcontinental freight service through the Village. The Aurora Municipal Airport, general aviation airport with a 7,200-foot runway, is located along State Highway 30 adjacent to the Village. The combination of its transportation assets will make the Village an attractive and logical choice for commercial, manufacturing, industrial, distribution and retail interests.

### **Long-Term Financial Planning**

The Village annually updates a three-year financial plan providing for all Village revenues and expenditures. Information is gathered from each department regarding major capital projects and changes in operating levels and services that may be needed over the next several years. The Village completed a Five-Year Capital Improvement Program (CIP) for fiscal year 2017 through fiscal year 2021 during fiscal year 2016. Lastly, the Village submitted its fiscal year 2016 budget to the Government Finance Officers Association (GFOA) Distinguished Budget program and received this prestigious award for the eleventh time during fiscal year 2017. The Capital Improvement Program (CIP) will be updated annually beginning in FY2017-2018.

### **Cash Management Policies and Practices**

Cash temporarily idle during the year was invested in demand deposits, certificates of deposit, the Illinois Funds, U.S. Government Agency Securities, and Municipal Securities. The maturities of the investments range from immediately accessible to three years. Short-term interest rates showed no growth throughout fiscal year 2017 resulting in minimal investment income. Rates are expected to remain low throughout fiscal year 2017 as the economy struggles in its recovery. The Village did update its cash and investment policies to ensure principal safety while maximizing yield. The Village's investment committee continues to meet regularly to look for safe, appropriate investment opportunities. The Village intends to contract with a firm for investment advisory services to better maximize the investment dollars of the Village for the best rate of return possible.

### **Risk Management**

The Village continues to participate in the Intergovernmental Risk Management Agency (IRMA) insurance risk pool. This pool is utilized to provide the Village with insurance coverage for liability, property damage, workers' compensation, and other types of coverage. IRMA is an organization of municipalities and special districts in Northeastern Illinois, which have formed an association under the Illinois Intergovernmental Cooperation Statute to pool its risk management needs. In addition, various control techniques, including employee accident prevention training, are utilized to minimize accident-related losses. The Village continues to earn high ratings for its risk management activities.

## **Pension Benefits**

The Village provides two separate defined benefit plans for its employees. Non-public safety employees participate in the Illinois Municipal Retirement Fund (IMRF) and public safety employees are members of the Police Pension Plan. Information on each of these plans can be found in the notes to the financial statements.

## **Major Initiatives**

It is more important than ever, in the current economic climate with such limited resources, to understand resident priorities in planning, budgeting, and managing services.

In early 2007, the Village Board discussed ways to gather input from the community and determined the use of a survey would be the best option to evaluate the Board and staff's performance. The first survey was used as an aide in determining the needs, wants, and overall satisfaction level of Sugar Grove citizens. The first survey gave the Village the insight it desired, but also served as a baseline for measurement in the future. The survey was done in the context of planning for the future, balancing priorities, setting new objectives, funding decisions, and determining which services needed improvement. The second survey was done in 2013 showing notable improvement in all areas. The Village Board commissioned the National Research Center, Inc. to perform the citizen survey.

The budget for fiscal year 2016 - 2017 remains conservative and does not include significant new services. However, all basic services residents have come to expect from the Village will remain stable in spite of continued tight economic times.

Overall approved staffing levels will decrease slightly between fiscal year 2016 – 2017 and fiscal year 2017 – 2018. The only increases will be in the use of part-time staff in the Finance Department and the utilization of seasonal help in the Street Department.

Represented employees (patrol) contract was signed on May 17, 2016, and the contract period is from May 1, 2015, to April 30, 2019. Represented employees (sergeants) contract was signed September 22, 2016 for the May 1, 2015 through April 30, 2019 contract duration. Non-represented employees received a salary increase of 2.25% on May 1, 2016.

Transportation enhancements continue to be an ongoing effort for the Village. Intersection improvements at Bliss/Wheeler and IL 47 includes adding single left turn lanes on Bliss and Wheeler Road. Phase I engineering has started for the long sought IL 47 and I-88 Interchange Completion Project. The State is also funding a roundabout at the intersection of Dugan and Granart Roads.

The Administration Department will continue efforts on the public improvements in the Settlers Ridge subdivision. Continue to work with other local entities to procure high speed internet access for governmental use and spur economic development within the TIF #2 area.

The Community Development Department will focus on developing an economic development strategy for the Village and utilizing the Village's website to dispense more information about development in the Village. The Department will also foster redevelopment projects within the established TIF Area Number 1 and 2. Also, the Community Development Department will update the subdivision regulations Village-wide.

The Finance Department will research options for funding a proposed new Village Hall. Staff will also begin to implement agreed upon procedures from the auditors to be more efficient in our procedures.

The Police Department will be focusing on conducting monthly PPCT (Pressure Point Control Techniques) Defensive Tactics training, joint training exercises with surrounding organizations in the case of an emergency, develop a Street Evidence Technician training and protocol for minor crime scenes, and beginning the process of becoming accredited through the Illinois Police Chief's Association.

Public Works will be coordinating several major infrastructure improvements throughout the community, including the 1) Illinois 47 and I-88 Phase I engineering; 2) US 30 and Dugan Road intersection improvements; 3) Bliss & 47 intersection improvements; and 4) Settler's Ridge to Prestbury water main extension.

### **Awards and Acknowledgements**

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Village of Sugar Grove for its Comprehensive Annual Financial Report for the fiscal year ended April 30, 2016. This was the sixteenth consecutive year that the Village has received this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized Comprehensive Annual Financial Report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of only one year. We believe our current Comprehensive Annual Financial Report continues to meet the Certificate of Achievement program's requirements and we are submitting it to the GFOA to determine its eligibility for an eighteenth certificate.

In addition, the Village also received the Government Finance Officers Association of the United States and Canada (GFOA) Distinguished Budget Presentation Award for its fiscal year 2016-2017 budget document. This was the eleventh consecutive year the Village has received this award. In order to qualify for the Distinguished Budget Presentation Award, the Village's budget document was judged to be proficient in several categories, including as a policy document, a financial plan, and operations guide and a communications device.

The preparation of this report would not have been possible without the efficient and dedicated services of the entire staff of the Finance Department. I would like to express my sincere appreciation to all employees of the Village who assisted and contributed to the preparation of this report. In addition, I would like to thank the Village President, and the Board of Trustees for their unfailing support for maintaining the highest standards of professionalism in the management of the Village's finances.

Respectfully submitted,

Matthew Anastasia  
Finance Director

Government Finance Officers Association

## **INDEPENDENT AUDITORS' REPORT**

September 21, 2017

The Honorable Village President  
Members of the Board of Trustees  
Village of Sugar Grove, Illinois

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Village of Sugar Grove, Illinois, as of and for the year ended April 30, 2017, and the related notes to the financial statements, which collectively comprise the Village's basic financial statements as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Police Pension Fund. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Police Pension Fund, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Village's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Village's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## **Opinions**

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Village of Sugar Grove, Illinois, as of April 30, 2017, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis as listed in the table of contents and budgetary information reported in the required supplementary information as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Village of Sugar Grove, Illinois' basic financial statements. The introductory section, combining and individual fund financial statements and budgetary comparison schedules, supplemental schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the financial statements.

The combining and individual fund financial statements and budgetary comparison schedules and supplemental schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and budgetary comparison schedules and supplemental schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

**Other Matters – Continued**

*Other Information – Continued*

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

LAUTERBACH & AMEN, LLP

## **MANAGEMENT'S DISCUSSION AND ANALYSIS**

## Management's Discussion and Analysis

As management of the Village of Sugar Grove, Illinois (the Village), we offer readers of the Village's financial statements the narrative overview and analysis of the financial activities of the Village for the fiscal year ended April 30, 2017. Management's Discussion and Analysis (MD&A) is designed to (1) assist the reader in focusing on significant financial issues, (2) provide an overview of the Village's financial activity, (3) identify changes in the Village's financial position (its ability to address the next and subsequent year challenges), (4) identify any material deviations from the financial plan (the approved budget), and (5) identify individual fund issues or concerns.

Since the MD&A is designed to focus on the current year's activities, resulting changes and currently known facts, please read it in conjunction with the Letter of Transmittal, which can be found on pages iii through ix of this report, and the Village's financial statements, which begin on page 4 of this report. All amounts in the MD&A, unless otherwise indicated, are expressed in thousands of dollars.

### Financial Highlights

The assets/deferred outflows of the Village exceeded its liabilities/deferred inflows as of April 30, 2017 by \$47,349 (net position). Of this amount, \$1,863 (unrestricted net position) may be used to meet the Village's ongoing obligations to citizens and creditors. The Village's total net position increased by \$828 over the prior year. The increase reflects an increase in capital assets and receivable revenues.

As of April 30, 2017, the Village's governmental funds reported a combined ending fund balances of \$5,956, a decrease of \$1,378 from the prior year. Of this amount, \$1,584 (26.60%) is available for spending at the Village's discretion (unassigned fund balance). In addition, the Village's proprietary funds reported a combined ending net position of \$17,949, an increase of \$81 over the prior year. Approximately 12.49% of this total amount, \$2,242, is available for spending at the Village's discretion (unrestricted net position) for proprietary purposes.

### Overview of the Financial Statements

The focus of the financial statements is on both the Village as a whole (government-wide) and on the major individual funds. Both perspectives (government-wide and major fund) allow the user to address relevant questions, broaden the basis for comparison (year to year or government to government), and enhance the Village's accountability.

This discussion and analysis are intended to serve as an introduction to the Village's basic financial statements. The Village's basic financial statements comprise three components: government-wide financial statements, fund financial statements, and notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

**Government-Wide Financial Statements.** The government-wide financial statements are designed to provide readers with a broad overview of the Village's financial position, in a manner similar to a private-sector business.

The Statement of Net Position presents information on all of the Village's assets/deferred outflows and liabilities/deferred inflows, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Village is improving or deteriorating.

The Statement of Activities presents information showing how the Village's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

Both of the government-wide financial statements distinguish functions of the Village that are principally supported by taxes and intergovernmental revenues (Governmental Activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (Business-Type Activities). The Governmental Activities reflect the Village's basic services, including general government, public safety, and highways and streets. The Business-Type Activities include the waterworks, sewerage, and refuse operations.

The government-wide financial statements can be found on pages 4 through 7 of this report.

**Fund Financial Statements.** A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Village, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The Village can be divided into three fund categories: governmental funds, proprietary funds and fiduciary funds.

**Governmental Funds.** Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Village maintains six individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Debt Service Fund, General Capital Projects Fund, and Infrastructure Capital Projects Fund, all of which are considered to be major funds. The Industrial Tax Increment Financing (TIF) District #1 and #2 Funds are considered to be nonmajor governmental fund.

The Village adopts an annual budget for each of its governmental funds. A budgetary comparison schedule has been provided for each fund to demonstrate compliance with these budgets. The basic governmental fund financial statements can be found on pages 8 through 13 of this report.

**Proprietary Funds.** The Village maintains two proprietary funds, both of which are enterprise funds. Enterprise funds are used to report the same functions and provide the same type of information, only in more detail, as presented in the business-type activities in the government-wide financial statements. The Village uses enterprise funds to account for its waterworks and sewerage operation and refuse operation, both of which are considered to be major funds. There are no proprietary nonmajor funds.

The Village adopts an annual budget for each of its proprietary funds. A budgetary comparison statement has been provided for each fund to demonstrate compliance with these budgets.

The basic proprietary fund financial statements can be found on pages 14 through 17 of this report.

**Fiduciary Funds.** Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the Village's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on pages 18 through 19 of this report.

**Notes to the financial statements.** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 20 through 62 of this report.

**Other information.** In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning budget to actual comparisons for the General Fund and the Village's progress in funding its obligation to provide pension benefits to its employees. Required supplementary information can be found on pages 63 through 69 of this report.

Individual fund statements and schedules are presented immediately following the required supplementary information discussed above which can be found on pages 70 through 104 of this report.

### **Financial Analysis of the Village as a Whole**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the Village, assets/deferred outflows exceeded liabilities/deferred inflows by \$47,349 as of April 30, 2017.

The largest portion of the Village's net position (95.31%) reflects its investment in capital assets (e.g. land, infrastructure, buildings, improvements, vehicles, and equipment) less any related debt used to acquire those assets that is still outstanding. The Village uses these capital assets to provide services to citizens; consequently, these assets are not available for spending. Although the Village's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

	Governmental Activities		Business-type Activities		Total	
	2017	2016	2017	2016	2017	2016
Current/other assets	\$ 8,588	\$ 10,072	\$ 2,957	\$ 4,350	\$ 11,545	\$ 14,422
Capital assets	35,319	33,529	20,831	19,890	56,150	53,419
Total assets/deferred outflows	43,907	43,601	23,788	24,240	67,695	67,841
Deferred outflows	1,614	807	152	114	1,766	921
Total assets/deferred outflows	45,521	44,408	23,940	24,354	69,461	68,762
Long-term liabilities	12,549	12,143	4,626	5,314	17,175	17,457
Other liabilities/deferred inflows	1,491	1,828	1,296	1,161	2,787	2,989
Total liabilities	14,040	13,971	5,922	6,475	19,962	20,446
Deferred inflows	2,081	1,784	69	11	2,150	1,795
Total liabilities/deferred inflows	16,121	15,755	5,991	6,486	22,112	22,241
Net position:						
Net investment in						
capital assets	29,423	26,937	15,707	14,036	45,130	40,973
Restricted	356	240	-	-	356	240
Unrestricted	(379)	1,476	2,242	3,832	1,863	5,308
Total net position	\$ 29,400	\$ 28,653	\$ 17,949	\$ 17,868	\$ 47,349	\$ 46,521

An additional portion of the Village's net position (0.75%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position (3.94%) may be used to meet the government's ongoing obligations to citizens and creditors.

As of April 30, 2017, the Village was able to report positive balances in all three categories of net position, both for the government as a whole, as well as for its separate governmental and business-type activities. The same situation held true for the prior fiscal year.

The Village's total net position increased by \$828 over the prior year. The increase reflects an increase in capital assets and receivable revenues.

The Village's unrestricted net position decreased by \$3,445 during the current fiscal year. In addition, the majority of restricted net position is legally restricted to certain capital projects. The Village's net position net investment in capital assets increased by \$4,157 during the current fiscal year.

Net position, end of year	\$ 29,400	\$ 28,653	\$ 17,949	\$ 17,868	\$ 47,349	\$ 46,521

**Governmental activities.** Governmental activities increased the Village's net position by \$747. Key elements of this increase are as follows:

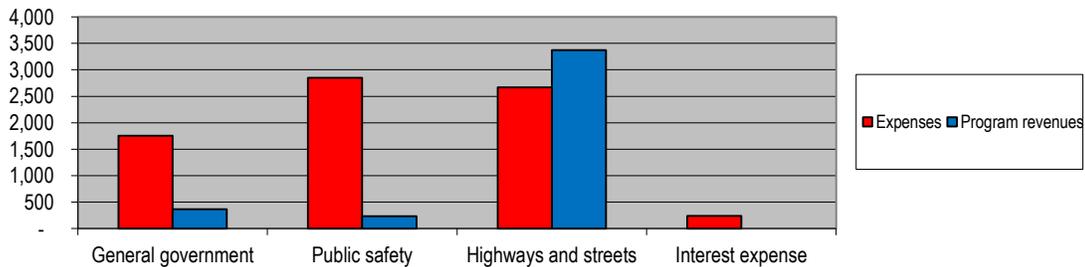

Governmental revenues decreased by \$3,690 (31.83%). Components of this decrease are as follows:

- Miscellaneous income decreased by \$2,274 (86.01%) due to receiving a one-time settlement payment in the previous fiscal year.
- Property taxes increased slightly by \$81 (4.92%).
- Income Taxes decreased by \$72 (7.82%).

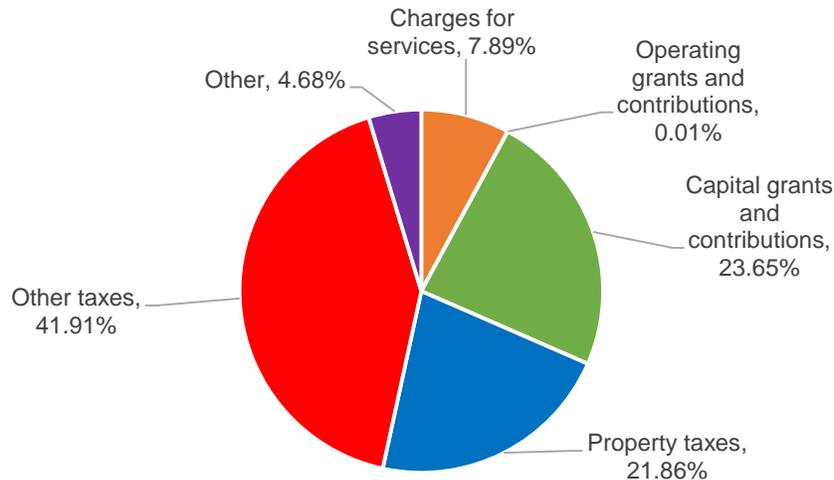

Governmental expenses increased by \$8 (0.1%). Components of this increase are as follows:

- General operating expenses decreased approximately \$382 while Highways and Streets increased by \$602 and Public Safety decreased by \$193.

**Expenses and Program Revenues - Governmental Activities**

**Revenues by Source - Governmental Activities**

**Business-type activities.** Business-type activities increased the Village's net position by \$81. Key elements of this increase are as follows:

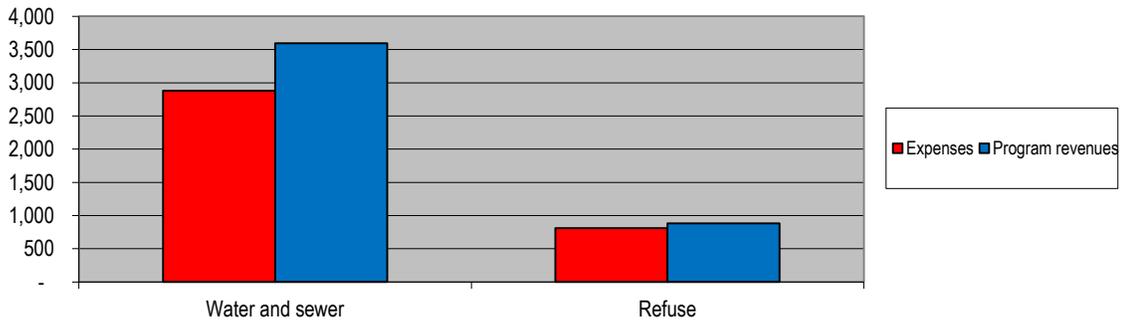

Business-type revenues increased by \$98 (2.18%). Components of this increase are as follows:

- Waterworks and sewerage charges for services increased by \$88 (2.44%)
- Refuse charges for services increased by \$15 (1.73%) which reflects the rate increase from \$22.66 to \$23.34 per month. The rate increase is intended to cover the annual escalation in the Village's contract with Waste Management.

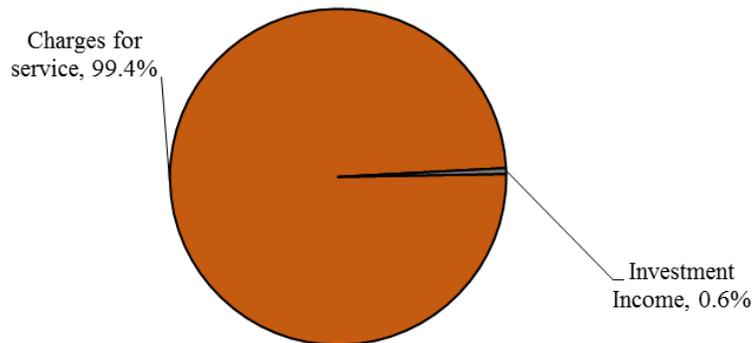

Business-type expenses increased by \$467 (12.66%). Components of this increase are as follows:

- The increase was a result of several capital projects being completed at the same time.

**Expenses and Program Revenues - Business-type Activities**

**Revenues by Source - Business-type Activities**

**Financial Analysis of the Village's Funds**

As noted earlier, the Village uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental Funds.** The focus of the Village's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Village's financing requirements. In particular, unrestricted fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the Village's governmental funds reported combined ending fund balances of \$5,956, a decrease of \$1,378 in comparison with the prior year. Approximately 26.60% of this total amount, \$1,584, is available for spending at the Village's discretion (unassigned fund balance). The remainder of fund balance is either nonspendable, restricted, or assigned to indicate that it is 1) not in spendable form (\$170), 2) restricted for particular purposes (\$418), or 3) assigned for particular purposes (\$3,784).

The General Fund is the primary operating fund of the Village. As of April 30, 2017, unassigned fund balance of the General Fund was \$1,687. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 36.85% (approximately 4.5 months) of the total General Fund expenditures, while total fund balance represents 42.41% (approximately 5.0 months) of total General Fund expenditures.

The fund balance of the General Fund increased by \$397 to a total of \$1,942 of fund balance at the end of the current fiscal year. The primary factors in this increase are reduction of transfers in/out.

The fund balance of the Debt Service Fund decreased by \$.5 to a total of \$208 of fund balance at the end of the current fiscal year. The decrease is a result of a smaller transfer in for bond payments.

The fund balance of the General Capital Projects Fund increased by \$234 to a total of \$1,743 of fund balance at the end of the current fiscal year. The Village purchased an asphalt roller and grinder for the Street Department and three vehicles for the Police Department.

The fund balance of the Infrastructure Capital Projects Fund decreased by \$2,081 to a total of \$2,166 of fund balance at the end of the current fiscal year. The decrease is attributable to payments for road projects that have been expended in the current fiscal year.

**Proprietary Funds.** The Village's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

The Waterworks and Sewerage Fund had an increase in net position of \$69 to a total of \$17,805 of net position at the end of the current fiscal year. Approximately 11.78% of that total is unrestricted net position. Other factors concerning the finances of the Waterworks and Sewerage Fund have already been addressed in the discussion of the Village's business-type activities.

The Refuse Fund had an increase in net position of \$12 to a total of \$145 of net position at the end of the current fiscal year. The Village has started to rebuild the reserve as approved by the Village Board.

### **General Fund Budgetary Highlights**

It has been a policy of the Village to not adopt budget amendments during or after the fiscal year. This year was no exception and no General Fund budget amendments occurred during the current fiscal year.

The General Fund revenues were more than the budget by \$216 or 4.48%. The most significant differences between budgeted and actual revenues included 1) building permits and inspections being higher than anticipated due to the economic recovery, 2) sales taxes higher than budget due to retail sales being higher than anticipated, 3) county court and drug fines (increased activity in the Police Department), and 4) reimbursement from a lawsuit and insurance company reimbursement for damage to Village property.

The General Fund expenditures were lower than budget by \$127 or 2.70%. The most significant differences between budgeted and actual expenditures included 1) missing full-time personnel in the Police and Streets department, 2) landscaping supplies, and 3) snow and ice control supplies.

### Capital Asset and Debt Administration

**Capital assets.** The Village's investment in capital assets for its governmental and business-type activities as of April 30, 2017, amounts to \$56,150 (net of accumulated depreciation). This investment in capital assets includes land (including rights-of-way), buildings, improvements other than buildings, vehicles and equipment, and infrastructure (including streets, storm sewers, water mains, water pumping and storage facilities, and sanitary sewers).

Major capital asset events during the current fiscal year included the following:

- The Village has been involved in a number of road projects that resulted in an increase of \$5,972 in infrastructure from completed projects but a decrease of \$2,901 in construction in progress to net an increase of \$3,071.
- In business-type activities, the Village is currently working on a number of water main improvement projects that also increased the construction in progress by \$1,546.

The following schedule summarizes the Village's capital assets.

#### Capital Assets

	Governmental Activities		Business-type Activities		Total	
	2017	2016	2017	2016	2017	2016
Land	\$ 10,161	\$ 10,161	\$ 368	\$ 368	\$ 10,529	\$ 10,529
Construction in progress	2,740	5,641	2,337	790	5,077	6,431
Infrastructure	28,276	22,303	26,100	26,100	54,376	48,403
Buildings	3,428	3,427	1,569	1,569	4,997	4,996
Improvements other than buildings	257	257	467	467	724	724
Vehicles and equipment	2,317	2,076	1,518	1,409	3,835	3,485
Less:						
Accumulated depreciation	(11,860)	(10,337)	(11,528)	(10,814)	(23,388)	(21,151)
Total capital assets, restated	\$ 35,319	\$ 33,528	\$ 20,831	\$ 19,889	\$ 56,150	\$ 53,417

Additional information regarding the capital assets can be found in note 3 on pages 39 through 40 of this report.

**Long-term debt.** At the end of the current fiscal year, the Village had total debt outstanding of \$11,288 (excluding compensated absences, net pension liability, and the net other post-employment benefit obligation). This amount is partially comprised of four general obligation alternate revenue bonds which pledge income, sales, use, property and utility taxes, capital improvement and road impact fees, and net

revenues of the waterworks and sewerage system. These bonds further pledge the full faith and credit of the Village should the alternate revenue source be insufficient. The Village abates the property taxes on the Series 2006, Series 2008A, Series 2009, Series 2013A and Series 2013B bonds. The remaining amount of debt outstanding is comprised of three Illinois Environmental Protection Agency (IEPA) loans backed by the net revenues of the waterworks and sewerage system. The Village's debt decreased by \$1,498 (11.71%) during fiscal year 2017.

Major long-term debt events during the current fiscal year included the following:

- The Village made its regularly scheduled payments of principal and interest on the existing outstanding debt.

The following schedule summarizes the Village's indebtedness.

Table 4  
Long-Term Debt

	Governmental Activities		Business-type Activities		Total	
	2017	2016	2017	2016	2017	2016
General obligation bonds	\$ 6,134	\$ 6,887	\$ 3,392	\$ 3,762	\$ 9,526	\$ 10,649
IEPA loans	-	-	1,762	2,136	1,762	2,136
Total long-term debt	\$ 6,134	\$ 6,887	\$ 5,154	\$ 5,898	\$ 11,288	\$ 12,785

Additional information regarding the Village's long-term debt can be found in note 3 on pages 42 through 46 of this report.

### Economic Factors and Next Year's Budgets and Rates

Property taxes imposed on property within the Village's corporate limits provide a stable revenue source. Property tax revenue is still expected to increase, albeit a smaller amount than the past, during fiscal year 2017 – 2018. The existing residential areas are among the Village's most important assets. The Village has a diverse mix of detached and attached single family homes and a limited number of multi-family dwelling units. The current residential property tax base accounts for approximately 86.6% of the assessed value of the Village. Equalized assessed valuation is based on the last three years of housing data. Although the assessed value has more than doubled over the past ten years, assessed values have increased over the last three years (during fiscal year 2014 – 2015, 2015 – 2016 and 2016 - 2017 to 2005 levels). The property tax rate will decrease slightly as the equalized assessed value of homes increases. The Village expected most revenues to increase slightly during fiscal year 2017 – 2018. Sales tax started to recover during the latter part of fiscal year 2010 – 2011 and continued to increase through fiscal year 2016-2017. The Village expects this trend to continue throughout fiscal year 2017 – 2018 as many new businesses opened within the Village.

The Village increased the resident and non-resident water and sewer service charges and usage rates by an additional 6.25% to cover lower usage trends and higher operating expenses including increases in electric costs for pump and lift stations, new requirements from the state and federal governments regarding drinking water, installation costs of replacement water meters, and payments on the IEPA loans for wells 8 and 9.

### **Contacting the Village's Financial Management**

This financial report is designed to provide our citizens, customers, investors and creditors with a general overview of the Village's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Matt Anastasia, Finance Director/Treasurer, Village of Sugar Grove, 10 South Municipal Drive, Sugar Grove, IL 60554.

## **BASIC FINANCIAL STATEMENTS**

The basic financial Statements include integrated sets of financial statements as required by the GASB. The sets of statements include:

- Government-Wide Financial Statements
- Fund Financial Statements

Governmental Funds

Proprietary Funds

Fiduciary Funds

In addition, the notes to the financial statements are included to provide information that is essential to a user's understanding of the basic financial statements.

VILLAGE OF SUGAR GROVE, ILLINOIS

Reconciliation of Total Governmental Fund Balance to the  
Statement of Net Position - Governmental Activities

April 30, 2017

---

---

<b>Total Governmental Fund Balances</b>	\$ 5,956,229
---	--------------

Amounts reported for governmental activities in the Statement of Net Position  
are different because:

Capital assets used in governmental activities are not financial resources and therefore, are not reported in the funds.	35,319,202
---	------------

Deferred outflows (inflows) of resources related to the pensions not reported  
in the funds.

Deferred Items - IMRF	69,113
Deferred Items - Police Pension	1,202,665

Long-term liabilities are not due and payable in the current  
period and therefore are not reported in the funds.

Accrued Interest Payable	(62,156)
Compensated Absences Payable	(96,247)
Net Pension Liability - IMRF	(270,932)
Net Pension Liability - Police	(6,758,746)
Net Other Post-Employment Benefit Obligation Payable	(63,437)
General Obligation Bonds Payable - Net	(6,133,876)
Loss on Refunding	238,117

<b>Net Position of Governmental Activities</b>	<u>29,399,932</u>
--	-------------------

The accompanying notes to the financial statements are an integral part of this statement.

-	-	-	4,070	1,465,081
-	-	-	-	2,273,025
-	11,578	866,240	-	1,722,668
-	238,373	2,101,378	24,172	2,363,923
730,000	-	-	-	730,000
190,328	-	-	-	190,328
920,328	249,951	2,967,618	28,242	8,745,025
(919,629)	200,724	(1,546,914)	73,051	(1,742,150)
919,150	234,169	-	-	1,333,417
-	(200,573)	(534,235)	-	(968,977)
919,150	33,596	(534,235)	-	364,440
(479)	234,320	(2,081,149)	73,051	(1,377,710)
208,530	1,508,884	4,246,948	(175,765)	7,333,939
208,051	1,743,204	2,165,799	(102,714)	5,956,229

The accompanying notes to the financial statements are an integral part of this statement.

**VILLAGE OF SUGAR GROVE, ILLINOIS**

**Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances  
to the Statement of Activities - Governmental Activities**

**For the Fiscal Year Ended April 30, 2017**

---

---

**Net Change in Fund Balances - Total Governmental Funds** \$ (1,377,710)

Amounts reported for governmental activities in the Statement of Activities  
are different because:

Governmental funds report capital outlays as expenditures. However, in the  
Statement of Activities the cost of those assets is allocated over their estimated  
useful lives and reported as depreciation expense.

Capital Outlays	2,413,626
Depreciation Expense	(1,522,380)
Contributed Capital	899,294

The net effect of deferred outflows (inflows) of resources related to the pensions  
not reported in the funds.

Change in Deferred Items - IMRF	(155,909)
Change in Deferred Items - Police Pension	972,126

The issuance of long-term debt provides current financial resources to  
governmental funds, while the repayment of the principal on long-term  
debt consumes the current financial resources of the governmental funds.

Deductions to Compensated Absences Payable	2,866
Deductions to Net Pension Liability - IMRF	214,640
Additions to Net Pension Liability - Police Pension	(1,386,270)
Additions to Net Other Post-Employment Benefit Obligation Payable	(15,402)
Retirement of Debt - Net	730,000
Amortization of Bond Premium	23,476
Amortization of Deferred Loss on Refunding	(57,480)

Changes to accrued interest on long-term debt in the Statement of Activities  
does not require the use of current financial resources and, therefore, are not  
reported as expenditures in the governmental funds.

Accrued Interest	<u>6,406</u>
------------------	--------------

**Changes in Net Position of Governmental Activities** 747,283

The accompanying notes to the financial statements are an integral part of this statement.

# VILLAGE OF SUGAR GROVE, ILLINOIS

## Notes to the Financial Statements

April 30, 2017

---

### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Village of Sugar Grove, Illinois (Village) was incorporated July 2, 1957 and operates under a Trustee-Village form of government. The Village provides a full range of services including police protection, the construction and maintenance of highways, streets and infrastructure, water treatment and distribution, planning and zoning, and general administrative services.

The Village is a municipal corporation governed by an elected Village president and six-trustee Village Board. As required by accounting principles generally accepted in the United States of America, these financial statements present the Village (the primary government) and its component units. In evaluating how to define the reporting entity, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made based upon the significance of their operational or financial relationships with the primary government. Financial accountability is defined as:

- 1) Appointment of a voting majority of the component unit's board, and either a) the ability to impose the will of the primary government, or b) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the primary government; or
- 2) Fiscal dependency on the primary government.

The government-wide financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The more significant of the Village's accounting policies established in GAAP and used by the Village are described below.

### REPORTING ENTITY

The Village's financial reporting entity comprises the following:

Primary Government:	Village of Sugar Grove
---------------------	------------------------

In determining the financial reporting entity, the Village complies with the provisions of GASB Statement No. 61, "The Financial Reporting Omnibus – an Amendment of GASB Statements No. 14 and No. 34," and includes all component units that have a significant operational or financial relationship with the Village. Based upon the criteria set forth in the GASB Statement No. 61, there are no component units included in the reporting entity.

## **VILLAGE OF SUGAR GROVE, ILLINOIS**

### **Notes to the Financial Statements**

**April 30, 2017**

---

---

#### **NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued**

##### **REPORTING ENTITY – Continued**

###### **Police Pension Employees Retirement System**

The Village's sworn police employees participate in the Police Pension Employees Retirement System (PPERS). PPERS functions for the benefit of these employees and is governed by a five-member pension board. Two members appointed by the Village's President, one elected pension beneficiary and two elected police employees constitute the pension board. The participants are required to contribute a percentage of salary as established by state statute and the Village is obligated to fund all remaining PPERS costs based upon actuarial valuations. The State of Illinois is authorized to establish benefit levels and the Village is authorized to approve the actuarial assumptions used in the determination of contribution levels. Although it is legally separate from the Village, the PPERS is reported as if it were part of the primary government because its sole purpose is to provide retirement benefits for the Village's police employees. The PPERS is reported as a fiduciary fund, and specifically a pension trust fund, due to the fiduciary responsibility exercised over the PPERS.

##### **BASIS OF PRESENTATION**

###### **Government-Wide Financial Statements**

The Village's basic financial statements include both government-wide (reporting the Village as a whole) and fund financial statements (reporting the Village's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business-type. The Village's police safety, highway and street maintenance and reconstruction, building code enforcement, public improvements, community development, planning and zoning, and general administrative services are classified as governmental activities. The Village's waterworks and sewerage services and refuse services are classified as business-type activities.

In the government-wide Statement of Net Position, both the governmental and business-type activities columns are: (a) presented on a consolidated basis by column, and (b) reported on a full accrual, economic resource basis, which recognizes all long-term assets/deferred outflows and receivables as well as long-term debt/deferred inflows and obligations. The Village's net position is reported in three parts: net investment in capital assets; restricted; and unrestricted. The Village first utilizes restricted resources to finance qualifying activities.

## VILLAGE OF SUGAR GROVE, ILLINOIS

### Notes to the Financial Statements

April 30, 2017

---

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

##### BASIS OF PRESENTATION – Continued

##### Government-Wide Financial Statements – Continued

The government-wide Statement of Activities reports both the gross and net cost of each of the Village's functions and business-type activities (general government, public safety, public works, etc.). The functions are supported by general government revenues (property, sales and use taxes, certain intergovernmental revenues, fines, permits and charges, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, which include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment.

The net costs (by function or business-type activity) are normally covered by general revenue (property taxes, sales taxes, income taxes, interest income, etc.).

The Village does not allocate indirect costs. An administrative service fee is charged by the General Fund to the other operating funds that is eliminated like a reimbursement (reducing the revenue and expense in the General Fund) to recover the direct costs of General Fund services provided (finance, personnel, purchasing, legal, technology management, etc.).

This government-wide focus is more on the sustainability of the Village as an entity and the change in the Village's net position resulting from the current year's activities.

##### Fund Financial Statements

The financial transactions of the Village are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets/deferred outflows, liabilities/deferred inflows, fund equity, revenues and expenditures/expenses. Funds are organized into three major categories: governmental, proprietary, and fiduciary. The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories. Nonmajor funds by category are summarized into a single column. GASB Statement No. 34 sets forth minimum criteria (percentage of the assets/deferred outflows, liabilities/deferred inflows, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds. The Village electively added funds, as major funds, which either had debt outstanding or specific community focus. The nonmajor funds are combined in a column in the fund financial statements. A fund is considered major if it is the primary operating fund of the Village or meets the following criteria:

# VILLAGE OF SUGAR GROVE, ILLINOIS

## Notes to the Financial Statements

April 30, 2017

---

### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

#### BASIS OF PRESENTATION – Continued

##### Fund Financial Statements – Continued

Total assets/deferred outflows, liabilities/deferred inflows, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type; and

Total assets/deferred outflows, liabilities/deferred inflows, revenues, or expenditures/expenses of the individual governmental fund or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

The various funds are reported by generic classification within the financial statements. The following fund types are used by the Village:

#### Governmental Funds

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the Village:

**General fund** is the general operating fund of the Village. It is used to account for all financial resources except those required to be accounted for in another fund. The General Fund is a major fund.

**Debt service funds** are used to account for the accumulation of funds for the periodic payment of principal and interest on general long-term debt. The Debt Service Fund is treated as a major fund and accumulates monies for the payment of general obligation debt, with financing provided by the annual tax levy.

**Capital projects funds** are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by business-type/proprietary funds). The Village maintains four capital projects funds. The General Capital Projects Fund, a major fund, is used to account for the acquisition, construction and improvement of governmental capital assets other than infrastructure. Activities are financed from developer contributions and transfers from other funds. The Infrastructure Fund, also a major fund, is used to account for the acquisition, construction and improvement of governmental infrastructure assets. Activities are financed from developer contributions and motor fuel taxes.

# VILLAGE OF SUGAR GROVE, ILLINOIS

## Notes to the Financial Statements

April 30, 2017

---

### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

#### BASIS OF PRESENTATION – Continued

#### Fund Financial Statements – Continued

#### Proprietary Funds

The focus of proprietary fund measurement is upon determination of operating income, changes in net position, financial position, and cash flows. The accounting principles generally accepted in the United States of America applicable are those similar to businesses in the private sector. The following is a description of the proprietary funds of the Village:

**Enterprise funds** are required to account for operations for which a fee is charged to external users for goods or services and the activity (a) is financed with debt that is solely secured by a pledge of the net revenues, (b) has third party requirements that the cost of providing services, including capital costs, be recovered with fees and charges or (c) establishes fees and charges based on a pricing policy designed to recover similar costs. The Village maintains two major enterprise funds. The Waterworks and Sewerage Fund is used to account for the provision of water and sewer services to the residents of the Village. All activities necessary to provide such services are accounted for in this fund, including but not limited to, administration, operations, maintenance, financing and related debt service and billing and collection. The Refuse Fund is used to account for refuse services contracted by the Village for the benefit of its citizens, but performed by a private entity. This fund is financed by fees charged to residents on their monthly utility bill.

#### Fiduciary Funds

Fiduciary funds are used to report assets held in a trustee or agency capacity for others and therefore are not available to support Village programs. The reporting focus is on net position and changes in net position and is reported using accounting principles similar to proprietary funds.

**Pension trust funds** are used to account for assets held in a trustee capacity for pension benefit payments. The Police Pension Fund accounts for the accumulation of resources to pay retirement and other related benefits for sworn members of the Village's police force.

# VILLAGE OF SUGAR GROVE, ILLINOIS

## Notes to the Financial Statements

April 30, 2017

---

---

### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

#### BASIS OF PRESENTATION – Continued

#### Fund Financial Statements – Continued

#### Fiduciary Funds – Continued

**Agency funds** are used to account for assets held by the Village in a purely custodial capacity. The Mallard Point Rolling Oaks Special Assessment Fund, Sugar Grove Center Special Service Area #10, School District Development Impact Fee Fund, Library District Development Impact Fee Fund, Fire District Development Impact Fee Fund, Park District Development Land Cash Fund, Park District Development Impact Fee Fund, and School District Development Land Cash Fund are used to account for donations made by developers on behalf of the specific districts for acquisition of property and construction of facilities.

The Village's fiduciary funds are presented in the fiduciary fund financial statements by type (pension trust and agency). Since by definition these assets are being held for the benefit of a third party (other local governments, private parties, pension participants, etc.) and cannot be used to address activities or obligations of the Village, these funds are not incorporated into the government-wide statements.

#### MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

#### Measurement Focus

On the government-wide Statement of Net Position and the Statement of Activities, both governmental and business-type activities are presented using the economic resources measurement focus as defined below.

In the fund financial statements, the "current financial resources" measurement focus or the "economic resources" measurement focus is used as appropriate.

All governmental funds utilize a "current financial resources" measurement focus. Only current financial assets/deferred outflows and liabilities/deferred inflows are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

# VILLAGE OF SUGAR GROVE, ILLINOIS

## Notes to the Financial Statements

April 30, 2017

---

### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

#### MEASUREMENT FOCUS AND BASIS OF ACCOUNTING – Continued

##### Measurement Focus – Continued

All proprietary and pension trust funds utilize an “economic resources” measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets/deferred outflows and liabilities/deferred inflows (whether current or noncurrent) associated with their activities are reported. Proprietary and pension trust fund equity is classified as net position.

Agency funds are not involved in the measurement of results of operations; therefore, measurement focus is not applicable to them.

##### Basis of Accounting

In the government-wide Statement of Net Position and Statement of Activities, both governmental and business-type activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability/deferred inflow is incurred or economic asset used. Revenues, expenses, gains, losses, assets/deferred outflows, and liabilities/deferred inflows resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

In the fund financial statements, governmental funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when “measurable and available.” Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or within sixty days after year-end. The Village recognizes property taxes when they become both measurable and available in accordance with GASB Codification Section P70. A sixty day availability period is used for revenue recognition for all other governmental fund revenues. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are recognized when due.

In applying the susceptible to accrual concept under the modified accrual basis, those revenues susceptible to accrual are property taxes, sales and use taxes, income taxes, licenses, interest revenue, and charges for services. All other revenues are not susceptible to accrual because generally they are not measurable until received in cash.

All proprietary, pension trust and agency funds utilize the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used.

# VILLAGE OF SUGAR GROVE, ILLINOIS

## Notes to the Financial Statements

April 30, 2017

---

### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

#### MEASUREMENT FOCUS AND BASIS OF ACCOUNTING – Continued

##### Basis of Accounting – Continued

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Village's enterprise funds, and of the Village's internal service funds are charges to customers for sales and services.

The Village also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

#### ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY

##### Cash and Investments

Cash and cash equivalents on the Statement of Net Position are considered to be cash on hand, demand deposits, cash with fiscal agent. For the purpose of the proprietary funds "Statement of Cash Flows," cash and cash equivalents are considered to be cash on hand, demand deposits, cash with fiscal agent, and all highly liquid investments with an original maturity of three months or less.

Investments are generally reported at fair value. Short-term investments are reported at cost, which approximates fair value. For investments, the Village categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

##### Interfund Receivables, Payables and Activity

Interfund activity is reported as loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government-wide financial statements.

## VILLAGE OF SUGAR GROVE, ILLINOIS

### Notes to the Financial Statements

April 30, 2017

---

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

#### ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY – Continued

##### Prepays

Prepays are valued at cost, which approximates market, using the first-in/first-out (FIFO) method. The costs of governmental fund-type prepaids/inventories are recorded as expenditures when consumed rather than when purchased. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaids in both the government-wide and fund financial statements.

##### Receivables

In the government-wide financial statements, receivables consist of all revenues earned at year-end and not yet received. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable. Major receivables balances for governmental activities include property taxes, sales and use taxes, income taxes, and grants. Business-type activities report utility charges as their major receivables.

##### Capital Assets

Capital assets purchased or acquired with original costs from \$1 - \$250,000 or more, depending on asset category, are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. General capital assets are long-lived assets of the Village as a whole. When purchased, such assets are recorded as expenditures in the governmental funds and capitalized. In the case of the initial capitalization of general infrastructure assets (i.e., those reported by the governmental activities) the government chose to include all such items regardless of their acquisition date. Infrastructure such as streets, traffic signals and signs are capitalized. The valuation basis for general capital assets are historical cost, or where historical cost is not available, estimated historical cost based on replacement costs.

Capital assets in the proprietary funds are capitalized in the fund in which they are utilized. The valuation bases for proprietary fund capital assets are the same as those used for the general capital assets. Donated capital assets are capitalized at estimated fair market value on the date donated.

**VILLAGE OF SUGAR GROVE, ILLINOIS**

**Notes to the Financial Statements  
April 30, 2017**

---

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued**

**ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY – Continued**

**Capital Assets – Continued**

Depreciation on all assets is computed and recorded using the straight-line method of depreciation over the following estimated useful lives:

Buildings	45 Years
Land Improvements	15 - 20 Years
Vehicles	3 - 10 Years
Equipment	5 - 30 Years
Infrastructure	20 - 50 Years

**Compensated Absences**

The Village accrues accumulated unpaid vacation and associated employee-related costs when earned (or estimated to be earned) by the employee. In accordance with GASB Statement No. 16, no liability is recorded for nonvesting accumulation rights to receive sick pay benefits. However, a liability is recognized for that portion of accumulated sick leave that is estimated to be taken as “terminal leave” prior to retirement.

All vacation pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

**Deferred Outflows/Inflows of Resources**

Deferred outflow/inflow of resources represents an acquisition of net position that applies to a future period and therefore will not be recognized as an outflow of resources (expense)/inflow of resources (revenue) until that future time.

**Long-Term Obligations**

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as expenses at the time of issuance.

# VILLAGE OF SUGAR GROVE, ILLINOIS

## Notes to the Financial Statements

April 30, 2017

---

### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

#### ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY – Continued

##### Long-Term Obligations – Continued

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

##### Net Position

In the government-wide financial statements, equity is classified as net position and displayed in three components:

Net Investment in Capital Assets – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted – Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislations.

Unrestricted – All other net position balances that do not meet the definition of “restricted” or “net investment in capital assets.”

### NOTE 2 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

#### BUDGETARY INFORMATION

Annual budgets are adopted for all funds on a basis consistent with accounting principles generally accepted in the United States of America except for the Waterworks and Sewerage Fund, in that gains/losses on the sales of capital assets and depreciation are not budgeted, and capital outlay and debt principal retirements are budgeted. The annual appropriated budget is legally enacted and provides for a legal level of control at the fund level. All annual appropriations lapse at the fiscal year end.

All departments of the Village submit requests for appropriations so that a budget may be prepared. The budget is prepared by fund, function, and activity, and includes information on the past two years, current year estimates and requested budget for the next fiscal year.

**VILLAGE OF SUGAR GROVE, ILLINOIS**

**Notes to the Financial Statements**

**April 30, 2017**

---

---

**NOTE 2 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY – Continued**

**BUDGETARY INFORMATION – Continued**

The proposed budget is then presented to the governing body for review. The governing body holds public hearings and may add to, subtract from, or change appropriations, but may not change the form of the budget. Management may transfer budget amounts between functions and activities. However, transfers between funds and increases in total funds must be approved by the governing board. Expenditures may not legally exceed appropriations at the fund level. There were no supplemental budget amendments approved during the year.

**EXCESS OF ACTUAL EXPENDITURES OVER BUDGET IN INDIVIDUAL FUNDS**

The following funds had an excess of actual expenditures over budget for the fiscal year.

Fund	Excess
Debt Service	\$ 410
General Capital Projects	15,295
Industrial TIF District #1	26,990
Police Pension	23,905

**DEFICIT FUND BALANCE**

The following funds had a deficit fund balance as of the date of this report:

Fund	Deficit
Industrial TIF District #1	\$ 48,107
Industrial TIF District #2	54,607

**NOTE 3 – DETAIL NOTES ON ALL FUNDS**

**DEPOSITS AND INVESTMENTS**

The Village maintains a cash and investment pool that is available for use by all funds except the pension trust funds. Each fund type's portion of this pool is displayed on the financial statements as "cash and investments." In addition, investments are separately held by several of the Village's funds. The deposits and investments of the pension trust funds are held separately from those of other funds.

Permitted Deposits and Investments – Statutes authorize the Village to make deposits/invest in commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. Agencies, obligations of States and their political subdivisions, credit union shares, repurchase agreements, commercial paper rated within the three highest classifications by at least two standard rating services, Illinois Funds and the Illinois Metropolitan Investment Fund.

## VILLAGE OF SUGAR GROVE, ILLINOIS

### Notes to the Financial Statements

April 30, 2017

---

#### NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

##### DEPOSITS AND INVESTMENTS – Continued

The deposits and investments of the Pension Fund are held separately from those of other Village funds. Statutes authorize the Pension Fund to make deposits/invest in interest bearing direct obligations of the United States of America; obligations that are fully guaranteed or insured as to the payment of principal and interest by the United States of America; bonds, notes, debentures, or similar obligations of agencies of the United States of America; savings accounts or certificates of deposit issued by banks or savings and loan associations chartered by the United States of America or by the State of Illinois, to the extent that the deposits are insured by the agencies or instrumentalities of the federal government; credit unions, to the extent that the deposits are insured by the agencies or instrumentalities of the federal government; State of Illinois bonds; pooled accounts managed by the Illinois Funds Market Fund (Formerly known as IPTIP, Illinois Public Treasurer's Investment Pool), or by banks, their subsidiaries or holding companies, in accordance with the laws of the State of Illinois; bonds or tax anticipation warrants of any county, township, or municipal corporation of the State of Illinois; direct obligations of the State of Israel; money market mutual funds managed by investment companies that are registered under the Federal Investment Company Act of 1940 and the Illinois Securities Law of 1953 and are diversified, open-ended management investment companies, provided the portfolio is limited to specified restrictions; general accounts of life insurance companies; and separate accounts of life insurance companies and mutual funds, the mutual funds must meet specific restrictions, provided the investment in separate accounts and mutual funds does not exceed ten percent of the Pension Fund's plan net position; and corporate bonds managed through an investment advisor, rated as investment grade by one of the two largest rating services at the time of purchase. Pension Funds with plan net position of \$2.5 million or more may invest up to forty-five percent of plan net position in separate accounts of life insurance companies and mutual funds. Pension Funds with plan net position of at least \$5 million that have appointed an investment advisor, may through that investment advisor invest up to forty-five percent of the plan net position in common and preferred stocks that meet specific restrictions. In addition, Pension Funds with plan net position of at least \$10 million that have appointed an investment advisor, may invest up to fifty percent of its net position in common and preferred stocks and mutual funds that meet specific restrictions effective July 1, 2011 and up to fifty-five percent effective July 1, 2012.

The Illinois Funds is an investment pool managed by the Illinois Public Treasurer's Office which allows governments within the State to pool their funds for investment purposes. Although not registered with the SEC, Illinois Funds operates in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in Illinois Funds are valued at the share price, the price for which the investment could be sold.

The Illinois Metropolitan Investment Fund (IMET) is a non-for-profit investment trust formed pursuant to the Illinois Municipal Code. IMET is managed by a Board of Trustees elected from the participating members. IMET is not registered with the SEC as an Investment Company. Investments in IMET are valued at the share price, the price for which the investment could be sold.

## VILLAGE OF SUGAR GROVE, ILLINOIS

### Notes to the Financial Statements

April 30, 2017

---

#### NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

##### DEPOSITS AND INVESTMENTS – Continued

##### **Village Interest Rate Risk, Credit Risk, Custodial Credit Risk, and Concentration Risk**

*Deposits.* At year-end, the carrying amount of the Village's deposits for governmental and business-type activities totaled \$7,971,926 and the bank balances totaled \$7,614,516. In addition, the Village has \$20,566 invested in the Illinois Funds and \$155 invested in IMET at year-end, which are valued at the net asset value as measured by the Pool.

*Interest Rate Risk.* Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. In accordance with its investment policy, the Village limits its exposure to interest rate risk by structuring the portfolio to provide liquidity for operating funds and maximizing yields for funds not needed within a one year period. The investment policy limits the maximum maturity length of investments to three years from the date of purchase. Investment of reserve funds may exceed three years if the maturity is made to coincide with the expected use of the funds.

*Credit Risk.* Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Village limits its exposure to credit risk by primarily investing in obligations guaranteed by the U.S. Government or securities issued by agencies of the U.S. Government that are explicitly or implicitly guaranteed by the U.S. Government. In addition, the Village's investment policy prescribes to the "prudent person" rule, which states, "Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as possible income to be derived." At year-end, the Village's investments in the Illinois Funds was rated AAAM by Standard & Poor's, the Illinois Metropolitan Investment Trust Convenience Fund is not rated.

*Custodial Credit Risk.* In the case of deposits, this is the risk that in the event of a bank failure, the Village's deposits may not be returned to it. The Village's investment policy requires pledging of collateral with a fair value of 102% of all bank balances in excess of federal depository insurance with the collateral held by the Village or a third party in the Village's name. At year-end \$449,338 of the bank balance of the deposits was not covered by federal depository or equivalent insurance, and represents cash at paying agent for debt service payments.

For an investment, this is the risk that in the event of the failure of the counterparty, the Village will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. To limit its exposure, the Village's investment policy requires all security transactions that are exposed to custodial credit risk to be processed on a delivery versus payment (DVP) basis with the underlying investments held by a third-party acting as the Village's agent separate from where the investment was purchased in the Village's name. The Illinois Funds and Illinois Metropolitan Investment Fund investment pools are not subject to custodial credit risk.

# VILLAGE OF SUGAR GROVE, ILLINOIS

## Notes to the Financial Statements

April 30, 2017

---

---

### NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

#### DEPOSITS AND INVESTMENTS – Continued

#### Village Interest Rate Risk, Credit Risk, Custodial Credit Risk, and Concentration Risk – Continued

*Concentration Risk.* This is the risk of loss attributed to the magnitude of the Village's investment in a single issuer. With the exception of U.S. Treasury and U.S. Agency securities and authorized investment pools, no more than 90% of the Village's total investment portfolio will be invested in a single security type and no more than 50% of the Village of Sugar Grove's total investment portfolio will be invested with a single financial institution. At year-end, the Village does not have any investments over 5 percent of the total cash and investment portfolio (other than investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments).

#### Police Pension Fund Interest Rate Risk, Credit Risk, Custodial Credit Risk, and Concentration Risk

*Deposits.* At year-end, the carrying amount of the Fund's deposits totaled \$104,518 and the bank balances totaled \$106,273.

*Investments.* The Fund has the following investment fair values and maturities:

Investment Type	Fair Value	Investment Maturities (in Years)			
		Less Than 1	1 to 5	6 to 10	More Than 10
U.S. Government Obligations	\$ 254,793	40,320	113,251	101,222	-
U.S. Agency Obligations	1,228,724	30,010	295,751	722,714	180,249

**VILLAGE OF SUGAR GROVE, ILLINOIS**

**Notes to the Financial Statements**

**April 30, 2017**

**NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued**

**DEPOSITS AND INVESTMENTS – Continued**

**Police Pension Fund Interest Rate Risk, Credit Risk, Custodial Credit Risk, and Concentration Risk – Continued**

The Fund has the following recurring fair value measurements as of April 30, 2017:

	April 30, 2017	Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Investments by Fair Value Level				
Debt Securities				
U.S. Government Obligations	\$ 254,793	254,793	-	-
U.S. Agency Obligations	1,228,724	-	1,228,724	-
State and Local Obligations	214,808	-	214,808	-
Equity Securities				
Mutual Funds	1,327,760	1,327,760	-	-
Total Investments by Fair Value Level	3,026,085	1,582,553	1,443,532	-

*Interest Rate Risk.* The Fund limits its exposure to interest rate risk by structuring the portfolio to provide liquidity while at the same time matching investment maturities to projected liabilities. The investment policy does not limit the maximum maturity length of investments.

*Credit Risk.* The Fund limits its exposure to credit risk by primarily investing in securities issued by the United States Government and/or its agencies that are implicitly guaranteed by the United States Government. The investments in securities of the U.S. agency obligations were rated AAA by Standard & Poor’s and/or Aaa by Moody’s Investors Service and the other investment ratings were unrated.

The Fund’s investment policy also prescribes to the “prudent person” rule, which states, “Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as possible income to be derived.”

---

#### NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

##### DEPOSITS AND INVESTMENTS – Continued

##### Police Pension Fund Interest Rate Risk, Credit Risk, Custodial Credit Risk, and Concentration Risk – Continued

*Custodial Credit Risk.* In the case of deposits, the Fund's investment policy does not limit custodial credit risk. At April 30, 2017 the entire amount of the bank balance of the deposits was covered by federal depository or equivalent insurance.

For an investment, the Fund limits its exposure to custodial credit risk by utilizing an independent third party institution, selected by the Police Pension Board, to act as custodian for its securities and collateral.

*Concentration Risk.* The Fund's investment policy defines the strategy in which the Police Pension Board adheres to for investments as follows:

The Police Pension Board allocates its fixed income investments as follows:

- Cash/money market – a range of 0% to 40% with a target of 0%.
- U.S. Treasury obligations – a range of 20 to 40% with a target of 30%.
- U.S. government agencies (non-mortgage backed securities) – a range of 30 to 80% with a target of 55%.
- U.S. government agencies (mortgage backed securities) – a range of 0 to 10% with a target of 5%.
- Taxable municipal securities – a range of 0 to 20% with a target of 10%.
- Certificates of deposit – a range of 0 to 20% with a target of 0%.

The Police Pension Board allocates its equity investments in mutual funds as follows:

- U.S. large company stocks – a range of 40 to 100% with a target of 70%.
- U.S. small company stocks – a range of 0 to 40% with a target of 20%.
- International stocks – a range of 0 to 20% with a target of 10%.

### NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

#### DEPOSITS AND INVESTMENTS – Continued

#### Police Pension Fund Interest Rate Risk, Credit Risk, Custodial Credit Risk, and Concentration Risk – Continued

At year-end, the Fund is in compliance with the guideline outlined above. In addition to the securities and fair values listed on the previous page, the Fund also has \$1,327,760 invested in mutual funds. At year-end, the Fund does not have any investments over 5 percent of the net position (other than investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments).

The Pension Board has diversified its equity mutual fund holdings as follows:

Vanguard 500 Index Fund - \$305,342
T. Rowe Price Growth Stock Fund - \$308,015
LSV Value Equity Fund Institutional - \$140,025
Pioneer Equiy Income Fund - \$149,259
T. Rowe Price QM US Small - \$92,947
Homestead Small Company Stock Fund - \$89,330
Oppenheimer International Growth Fund - \$44,898
Hennessy Focus Fund - \$39,953
Bridgeway Ultra Small Fund - \$38,839
Cohen & Steers Institutional Fund - \$32,784
First Eagle Overseas Fund - \$19,817
Oppenheimer Developing Mkts Fund - \$21,998
Fidelity Adv Materials Fund - \$19,667
Vanguard Energy Fund - \$6,826

The Fund's investment policy in accordance with Illinois Compiled Statutes (ILCS) establishes the following target allocation across asset classes:

Asset Class	Target	Long-Term Expected Real Rate of Return
Fixed Income	60.00%	1.10%
Domestic Equities	8.00% - 28.00%	6.30% - 8.30%
International Equities	4.00%	6.60%
Cash and Cash Equivalents	0.00%	0.00%

### Notes to the Financial Statements

April 30, 2017

---

#### NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

##### DEPOSITS AND INVESTMENTS – Continued

##### Police Pension Fund Interest Rate Risk, Credit Risk, Custodial Credit Risk and Concentration Risk – Continued

Illinois Compiled Statutes (ILCS) limit the Fund's investments in equities, mutual funds and variable annuities to 45%. Securities in any one company should not exceed 5% of the total fund.

The long-term expected rate of return on the Fund's investments was determined using an asset allocation study conducted by the Fund's investment management consultant in May 2017 in which best-estimate ranges of expected future real rates of return (net of pension plan investment expense and inflation) were developed for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding the expected inflation. Best estimates or arithmetic real rates of return for each major asset class included in the Fund's target asset allocation as of April, 30, 2017 are listed in the table above.

##### Rate of Return

For the year ended April 30, 2017, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 7.12%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

##### PROPERTY TAXES

Property taxes for 2016 attach as an enforceable lien on January 1, on property values assessed as of the same date. Taxes are levied by December of the subsequent fiscal year (by passage of a Tax Levy Ordinance). Tax bills are prepared by the County and are payable in two installments, on or about March 1 and September 1. The County collects such taxes and remits them periodically. The allowance for uncollectible taxes has been stated at 1% of the tax levy, to reflect actual collection experience.

Total Net Capital Assets	<u>19,889,544</u>	<u>941,597</u>	<u>-</u>	<u>20,831,141</u>

Depreciation expense was charged to business-type as follows:

Waterworks and Sewerage \$ 714,517

**VILLAGE OF SUGAR GROVE, ILLINOIS**

**Notes to the Financial Statements  
April 30, 2017**

**NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued**

**INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS**

**Interfund Balances**

The composition of interfund balances as of the date of this report, is as follows:

Receivable Fund	Payable Fund	Amount
General	Nonmajor Governmental	\$ 101,023
General Capital Projects	General	9,210
General Capital Projects	Infrastructure	464,560
Infrastructure	General	161,160
Waterworks and Sewerage	General	13,553
Refuse	Waterworks and Sewerage	26,028
Police Pension	General	103,192
		<u>878,726</u>

Interfund balances are advances in anticipation of receipts.

**Interfund Transfers**

Interfund transfers for the year consisted of the following:

Transfer In	Transfer Out	Amount
General	Refuse	\$ 42,500 (1)
General	General Capital Projects	90,000 (1)
General	Infrastructure	47,598 (1)
Debt Service	General Capital Projects	110,573 (2)
Debt Service	Infrastructure	486,637 (2)
Debt Service	Waterworks and Sewerage	321,940 (2)
General Capital Projects	General	234,169 (3)
		<u>1,333,417</u>

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the Debt Service Fund as debt service payments become due, and (3) use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

**LONG-TERM DEBT**

**General Obligation Bonds**

The Village issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities and for pension purposes. General obligation bonds are capital-related debt. General obligation bonds are direct obligations and pledge the full faith and credit of the Village. General obligation bonds currently outstanding are as follows:

Issue	Fund Debt Retired by	Beginning Balances	Issuances	Retirements	Ending Balances
General Obligation Water and Sewer Alternate Revenue Refunding Bonds of 2006 - Due in annual installments of \$300,000 to \$325,000 plus interest at 4.00% to 4.50% through May 1, 2021.	Waterworks and Sewerage	\$ 1,605,000	-	315,000	1,290,000
General Obligation Water and Sewer Alternate Revenue Bonds of 2008A - Due in annual installments of \$45,000 to \$250,000 plus interest at 4.00% to 4.50% through May 1, 2028.	Waterworks and Sewerage	2,135,000	-	50,000	2,085,000
General Obligation Alternate Revenue Refunding Bonds of 2009 - Due in annual installments of \$50,000 to \$310,000 plus interest at 2.50% to 3.90% through January 1, 2021.	Debt Service	1,450,000	-	270,000	1,180,000
General Obligation Alternate Revenue Refunding Bonds of 2013A - Due in annual installments of \$300,000 to \$625,000 plus interest at 2.50% to 3.00% through December 15, 2025.	Debt Service	5,160,000	-	310,000	4,850,000
General Obligation Alternate Revenue Refunding Bonds of 2013B - Due in annual installments of \$550,000 to \$150,000 plus interest at 0.65% to 1.10% through December 15, 2016.	Debt Service	150,000	-	150,000	-
		<u>10,500,000</u>	<u>-</u>	<u>1,095,000</u>	<u>9,405,000</u>

**NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued**

**LONG-TERM DEBT – Continued**

**Legal Debt Margin**

Chapter 65, Section 5/8-5-1 of the Illinois Compiled Statutes provides "...no municipality having a population of less than 500,000 shall become indebted in any manner or for any purpose, to an amount, including existing indebtedness in the aggregate exceeding 8.625% on the value of the taxable property therein, to be ascertained by the last assessment for state and county purposes, previous to the incurring of the indebtedness or, until January 1, 1983, if greater, the sum that is produced by multiplying the municipality's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979."

Assessed Valuation - 2016	<u>\$ 279,652,504</u>
Legal Debt Limit - 8.625% of Assessed Value	24,120,028
Amount of Debt Applicable to Limit	<u>-</u>
Legal Debt Margin	<u>24,120,028</u>

**NET POSITION/FUND BALANCE CLASSIFICATION**

**Fund Balance Classifications**

In the governmental funds financial statements, the Village considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. The Village first utilizes committed, then assigned and then unassigned fund balance when an expenditure is incurred for purposes for which all three unrestricted fund balances are available.

*Assigned Fund Balance.* The Village reports assigned fund balance in the General Capital Projects and Infrastructure Funds, both major funds. The Village's Village Administrator and department heads, under authorization granted by the Board in the Village's fund balance policy, has assigned this fund to future improvements and capital asset acquisitions.

*Minimum Fund Balance Policy.* The Village's policy states that the General Fund should maintain a minimum unassigned fund balance equal to 25% of current year expenditures.

## **VILLAGE OF SUGAR GROVE, ILLINOIS**

### **Notes to the Financial Statements**

**April 30, 2017**

---

#### **NOTE 4 – OTHER INFORMATION**

##### **SALES TAX REBATE**

The Village has entered into various tax rebate agreements with local corporations under Village code. Under these agreements, the Village rebates a portion of sales taxes. For the fiscal year ended April 30, 2017, the Village rebated a total of \$23,898 in taxes under these agreements.

##### **RISK MANAGEMENT**

The Village is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; natural disasters; and injuries to the Village's employees. These risks are provided for through a limited insurance program and private insurance coverage. The Village currently reports all its risk management activities in its insurance fund.

##### **Intergovernmental Risk Management Agency (IRMA)**

The Village also participates in the Intergovernmental Risk Management Agency (IRMA). IRMA is an organization of municipalities and special districts in Northeastern Illinois which have formed an association under the Illinois Intergovernmental Cooperations Statute to pool its risk management needs. The agency administers a mix of self-insurance and commercial insurance coverages; property/casualty and workers' compensation claim administration/litigation management services; unemployment claim administration; extensive risk management/loss control consulting and training programs; and a risk information system and financial reporting service for its members.

The Village's payments to IRMA are displayed on the financial statements as expenditures/expenses in appropriate funds. Each member assumes the first \$2,500 of each occurrence, and IRMA has a mix of self-insurance and commercial insurance at various amounts about that level.

Each member appoints one delegate, along with an alternate delegate, to represent the member on the Board of Directors. The Village does not exercise any control over the activities of the Agency beyond its representation on the Board of Directors.

Initial contributions are determined each year based on the individual member's eligible revenue as defined in the by-laws of IRMA and experience modification factors based on past member loss experience. Members have a contractual obligation to fund any deficit of IRMA attributable to a membership year during which they were a member. Supplemental contributions may be required to fund these deficits.

## VILLAGE OF SUGAR GROVE, ILLINOIS

### Notes to the Financial Statements

April 30, 2017

---

#### NOTE 4 – OTHER INFORMATION – Continued

##### CONTINGENT LIABILITIES

###### Litigation

The Village is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the Village's attorney, the resolution of these matters will not have a material adverse effect on the financial condition of the Village.

###### Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the Village expects such amounts, if any, to be immaterial.

##### EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLANS

The Village contributes to two defined benefit pension plans, the Illinois Municipal Retirement Fund (IMRF), a defined benefit agent multiple-employer public employee retirement system and the Police Pension Plan which is a single-employer pension plan. Separate reports are issued for the Police and Pension Plan and may be obtained by writing to the Village at 10 South Municipal Drive, Sugar Grove, IL 60554. IMRF does issue a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole, but not by individual employer. That report may be obtained online [www.imrf.org](http://www.imrf.org). The benefits, benefit levels, employee contributions, and employer contributions are governed by Illinois Compiled Statutes (ILCS) and can only be amended by the Illinois General Assembly.

###### Illinois Municipal Retirement Fund (IMRF)

###### Plan Descriptions

*Plan Administration.* All employees (other than those covered by the Police Pension Plan) hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. The plan is accounted for on the economic resources measurement focus and the accrual basis of accounting. Employer and employee contributions are recognized when earned in the year that the contributions are required, benefits and refunds are recognized as an expense and liability when due and payable.

*Benefits Provided.* IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

### NOTE 4 – OTHER INFORMATION – Continued

#### EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLANS – Continued

##### Illinois Municipal Retirement Fund (IMRF) – Continued

##### Plan Descriptions – Continued

*Benefits Provided – Continued.* IMRF provides two tiers of pension benefits. Employees hired *before* January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired *on or after* January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the *lesser* of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

*Plan Membership.* As of December 31, 2016, the measurement date, the following employees were covered by the benefit terms:

Inactive Plan Members Currently Receiving Benefits	16
Inactive Plan Members Entitled to but not yet Receiving Benefits	29
Active Plan Members	<u>18</u>
Total	<u><u>63</u></u>

*Contributions.* As set by statute, the Village's Regular Plan Members are required to contribute 4.50% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The Village's annual contribution rate for calendar year 2016 was 9.49% of covered payroll.

## Notes to the Financial Statements

April 30, 2017

---

### NOTE 4 – OTHER INFORMATION – Continued

#### EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLANS – Continued

##### Illinois Municipal Retirement Fund (IMRF) – Continued

##### Plan Descriptions – Continued

*Net Pension Liability.* The Village's net pension liability was measured as of December 31, 2016. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

*Actuarial Assumptions.* The total pension liability was determined by an actuarial valuation performed, as of December 31, 2016, using the following actuarial methods and assumptions:

Actuarial Cost Method	Entry Age Normal
Asset Valuation Method	Market
Actuarial Assumptions	
Interest Rate	7.50%
Salary Increases	3.75% to 14.50%
Cost of Living Adjustments	2.75%
Inflation	2.75%

For nondisabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2014 (base year 2012). IMRF specific rates were developed from the RP-2014 Blue Collar Health Annuitant Mortality Table with adjustments to match current IMRF experience. For disabled retirees, an IMRF specific mortality tables was used with fully generational projection scale MP-2014 (base year 2012). IMRF specific rates were developed from the RP-2014 Disabled Retirees Mortality Table applying the same adjustment that were applied for nondisabled lives. For active members, an IMRF specific mortality table was used with fully generational projection scale MP-2014 (base year 2012). IMRF specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.

##### Discount Rate

The discount rate used to measure the total pension liability was 7.50% and the prior valuation was 7.49%. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that Village contributions will be made at rates equal to the difference between the actuarially determined contribution rates and the member rate. Based on those assumptions, IMRF's fiduciary net position was projected to be available to make all project future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all period of projected benefit payments to determine the total pension liability.

**Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions**

For the year ended December 31, 2016, the Village recognized pension expense of \$156,220. At December 31, 2016, the Village reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources	Totals
Difference Between Expected and Actual Experience	\$ -	(154,269)	(154,269)
Change in Assumptions	5,165	(6,797)	(1,632)
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	233,796	-	233,796
Total Pension Expense to be Recognized in Future Periods	238,961	(161,066)	77,895
Pension Contributions Made Subsequent to the Measurement Date	43,647	-	43,647
Total Deferred Amounts Related to IMRF	282,608	(161,066)	121,542

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense in future periods as follows:

Fiscal Year	Net Deferred Outflows/(Inflows) of Resources
2018	\$ 27,097
2019	27,097
2020	31,360
2021	(7,659)
2022	-
Thereafter	-
Total	77,895

**VILLAGE OF SUGAR GROVE, ILLINOIS**

**Notes to the Financial Statements  
April 30, 2017**

---

**NOTE 4 – OTHER INFORMATION – Continued**

**EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLANS – Continued**

**Police Pension Plan**

**Plan Descriptions**

*Plan Administration.* The Police Pension Plan is a single-employer defined benefit pension plan that covers all sworn police personnel. The defined benefits and employee and minimum employer contribution levels are governed by Illinois Compiled Statutes (40 ILCS 5/3-1) and may be amended only by the Illinois legislature. The Village accounts for the Fund as a pension trust fund. The Fund is governed by a five-member pension board. Two members of the Board are appointed by the Village President, one member is elected by pension beneficiaries and two members are elected by active police employees.

*Plan Membership.* At April 30, 2017, the measurement date, membership consisted of the following:

Inactive Plan Members Currently Receiving Benefits	7
Inactive Plan Members Entitled to but not yet Receiving Benefits	1
Active Plan Members	<u>11</u>
Total	<u><u>19</u></u>

*Benefits Provided.* The following is a summary of the Police Pension Plan as provided for in Illinois State Statutes.

The Police Pension Plan provides retirement benefits through two tiers of benefits as well as death and disability benefits. Covered employees hired before January 1, 2011 (Tier 1), attaining the age of 50 or older with 20 or more years of creditable service are entitled to receive an annual retirement benefit of ½ of the salary attached to the rank held on the last day of service, or for one year prior to the last day, whichever is greater. The annual benefit shall be increased by 2.5 percent of such salary for each additional year of service over 20 years up to 30 years, to a maximum of 75 percent of such salary. Employees with at least eight years but less than 20 years of credited service may retire at or after age 60 and receive a reduced benefit. The monthly benefit of a police officer who retired with 20 or more years of service after January 1, 1977 shall be increased annually, following the first anniversary date of retirement and be paid upon reaching the age of at least 55 years, by 3 percent of the original pension and 3 percent compounded annually thereafter.

## VILLAGE OF SUGAR GROVE, ILLINOIS

### Notes to the Financial Statements

April 30, 2017

---

#### NOTE 4 – OTHER INFORMATION – Continued

##### EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLANS – Continued

###### Police Pension Plan – Continued

###### Plan Descriptions – Continued

*Benefits Provided – Continued.* Covered employees hired on or after January 1, 2011 (Tier 2), attaining the age of 55 or older with 10 or more years of creditable service are entitled to receive an annual retirement benefit equal to the average monthly salary obtained by dividing the total salary of the police officer during the 96 consecutive months of service within the last 120 months of service in which the total salary was the highest by the number of months of service in that period. Police officer salary for the pension purposes is capped at \$106,800, plus the lesser of ½ of the annual change in the Consumer Price Index or 3 percent compounded. The annual benefit shall be increased by 2.5 percent of such a salary for each additional year of service over 20 years up to 30 years to a maximum of 75 percent of such salary. Employees with at least 10 years may retire at or after age 50 and receive a reduced benefit (i.e., ½ percent for each month under 55). The monthly benefit of a Tier 2 police officer shall be increased annually at age 60 on the January 1<sup>st</sup> after the police officer retires, or the first anniversary of the pension starting date, whichever is later. Noncompounding increases occur annually, each January thereafter. The increase is the lesser of 3 percent of ½ of the change in the Consumer Price Index for the preceding calendar year.

*Contributions.* Covered employees are required to contribute 9.91% of their base salary to the Police Pension Plan. If an employee leaves covered employment with less than 20 years of service, accumulated employee contributions may be refunded without accumulated interest. The Village is required to contribute the remaining amounts necessary to finance the plan and the administrative costs as actuarially determined by an enrolled actuary. However, effective January 1, 2011, ILCS requires the Village to contribute a minimum amount annually calculated using the projected unit credit actuarial cost method that will result in the funding of 90% of the past service cost by the year 2040. For the year-ended April 30, 2017, the Village's contribution was 36.79% of covered payroll.

*Concentrations.* At year-end, the Fund does not have any investments over 5 percent of the net position (other than investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments).

# VILLAGE OF SUGAR GROVE, ILLINOIS

## Notes to the Financial Statements

April 30, 2017

---

---

### NOTE 4 – OTHER INFORMATION – Continued

#### EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLANS – Continued

##### Police Pension Plan – Continued

##### Actuarial Assumptions

The total pension liability was determined by an actuarial valuation performed, as of April 30, 2017, using the following actuarial methods and assumptions:

Actuarial Cost Method	Entry Age Normal
Asset Valuation Method	Market
Actuarial Assumptions	
Interest Rate	5.52%
Salary Increases	3.50% to 8.10%
Cost of Living Adjustments	2.50%
Inflation	2.50%

The table combines observed experience of Illinois Police Offices with the RP-2014 mortality table for blue collar workers. Mortality improvements have been made to 5 years past the valuation date.

##### Discount Rate

A Single Discount Rate of 5.52% was used to measure the total pension liability. The projection of cash flow used to determine this Single Discount Rate assumed that the plan members' contributions will be made at the current contribution rate, and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. The Single Discount Rate reflects:

1. The long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits), and
2. The tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating (which is published by the Federal Reserve) as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

For the purpose of the most recent valuation, the expected rate of return on plan investments is 7.00%, the municipal bond rate is 3.82%, and the resulting single discount rate is 5.52%.

**VILLAGE OF SUGAR GROVE, ILLINOIS**

**Notes to the Financial Statements  
April 30, 2017**

---

**NOTE 4 – OTHER INFORMATION – Continued**

**OTHER POST-EMPLOYMENT BENEFITS**

**Plan Descriptions, Provisions, and Funding Policies**

In addition to providing the pension benefits described, the Village provides post-employment health care insurance benefits (OPEB) for its eligible retired employees through a single employer defined benefit plan. The benefits, benefit levels, employee contributions and employer contributions are governed by the Village and can be amended by the Village through its personnel manual and union contracts. The plan is not accounted for as a trust fund, as an irrevocable trust has not been established to account for the plan. The plan does not issue a separate report. The activity of the plan is reported in the Village's General Fund.

The Village provides post-employment health care benefits to its retirees. To be eligible for benefits, an employee must qualify for retirement under one of the Village's retirement plans.

All health care benefits are provided through the Village's health insurance plan. The benefit levels are the same as those afforded to active employees. Benefits include general inpatient and outpatient medical services; mental, nervous, and substance abuse care; vision care; dental care; and prescriptions. Upon a retiree reaching 65 years of age, Medicare becomes the primary insurer and the Village's plan becomes secondary.

All retirees contribute 100% of the actuarially determined premium to the plan. For the fiscal year ending April 30, 2017, retirees contributed \$29,012. Active employees do not contribute to the post-employment benefit plan until retirement.

At April 30, 2016, the date of the most recent actuarial valuation, membership consisted of:

Retirees and beneficiaries currently receiving benefits and terminated employees entitled to benefits but not yet receiving them.	5
Active Employees	<u>28</u>
Total	<u>33</u>
Participating Employers	1

The Village does not currently have a funding policy.

### NOTE 4 – OTHER INFORMATION – Continued

#### OTHER POST-EMPLOYMENT BENEFITS – Continued

##### Funded Status and Funding Progress

The funded status of the plan as April 30, 2016, the date of the most recent actuarial valuation, was as follows:

Actuarial Accrued Liability (AAL)	\$ 1,247,560
Actuarial Value of Plan Assets	\$ -
Unfunded Actuarial Accrued Liability (UAAL)	\$ 1,247,560
Funded Ratio (Actuarial Value of Plan Assets/AAL)	0.00%
Covered Payroll (Active Plan Members)	\$ 2,856,390
UAAL as a Percentage of Covered Payroll	43.68%

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

##### Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the April 30, 2016 actuarial valuation, the entry age actuarial cost method was used. The actuarial assumptions included a 4.00% investment rate of return, including a 2.50% inflation assumption, and an initial annual healthcare cost trend rate of 7.80%, with an ultimate rate of 5.00%. Both rates include a 2.50% inflation assumption. The actuarial value of assets was not determined as the Village has not advance funded its obligation. The plan's unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on an open basis. The remaining amortization period at April 30, 2017, was 30 years.

## **REQUIRED SUPPLEMENTARY INFORMATION**

Required supplementary information includes financial information and disclosures that are required by the GASB but are not considered a part of the basic financial statements. Such information includes:

- Schedule of Funding Progress and Employer Contributions  
    Other Post-Employment Benefit Plan
  
- Schedule of Employer Contributions  
    Illinois Municipal Retirement Fund  
    Police Pension Fund
  
- Schedule of Changes in the Employer's Net Pension Liability  
    Illinois Municipal Retirement Fund  
    Police Pension Fund
  
- Schedule of Investment Returns  
    Police Pension Fund
  
- Budgetary Comparison Schedule  
    General Fund

Notes to the Required Supplementary Information

Budgetary Information – Budgets are adopted on a basis consistent with generally accepted accounting principles.

## **OTHER SUPPLEMENTARY INFORMATION**

Other supplementary information includes financial statements and schedules not required by the GASB, nor a part of the basic financial statements, but are presented for purposes of additional analysis.

Such statements and schedules include:

- Budgetary Comparison Schedules – Major Governmental Funds
- Combining Statements – Nonmajor Governmental Funds
- Budgetary Comparison Schedules – Nonmajor Governmental Funds
- Budgetary Comparison Schedules – Enterprise Funds
- Budgetary Comparison Schedule – Pension Trust Fund
- Combining Statement of Changes in Assets and Liabilities – Agency Funds

# **COMBINING AND INDIVIDUAL FUND FINANCIAL STATEMENTS AND SCHEDULES**

---

## **GENERAL FUND**

The General Fund is used to account for all financial resources except those required to be accounted for in another fund.

---

## **DEBT SERVICE FUND**

Debt Service Funds are created to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest. Activities are financed from property taxes and transfers from other funds.

---

## **CAPITAL PROJECTS FUNDS**

Capital Projects Funds are created to account for all resources used for the acquisition of capital facilities by a governmental unit except those financed by proprietary funds.

### **General Capital Projects Fund**

The General Capital Projects Fund is used to account for the acquisition, construction and improvement of governmental capital assets other than infrastructure. Activities are financed from developer contributions and transfers from other funds.

### **Infrastructure Fund**

The Infrastructure Fund is used to account for the acquisition, construction and improvement of governmental infrastructure assets. Activities are financed from developer contributions and motor fuel taxes.

### **Industrial TIF District #1 Fund**

The Industrial TIF District #1 Fund is used to spur industrial development that will generate local jobs and expand the tax base.

### **Industrial TIF District #2 Fund**

The Industrial TIF District #2 Fund is used to spur industrial development that will generate local jobs and expand the tax base.

---

# **COMBINING AND INDIVIDUAL FUND FINANCIAL STATEMENTS AND SCHEDULES**

---

## **ENTERPRISE FUNDS**

Enterprise Funds are created to account for operations that are financed and operated in a manner similar to private business enterprises where the intent is that costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or where it has been decided that periodic determination of revenues earned, expenses incurred and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purpose.

### **Waterworks and Sewerage Fund**

The Waterworks and Sewerage Fund is used to account for the provision of water and sewer services to the residents of the Village. All activities necessary to provide such services are accounted for in this fund, including but not limited to, administration, operations, maintenance, financing and related debt service and billing and collection.

### **Refuse Fund**

The Refuse Fund is used to account for refuse services contracted by the Village for the benefit of its citizens, but performed by a private entity. This fund is financed by fees charged to residents on their monthly utility bill.

---

## **TRUST AND AGENCY FUNDS**

### **PENSION TRUST FUND**

#### **Police Pension Fund**

The Police Pension Fund is used to account for the accumulation of resources to be used for retirement annuity payments to employees on the police force at appropriate amounts and times in the future. Resources are contributed by employees at rates fixed by law and by the City at amounts determined by an annual actuarial study.

### **AGENCY FUNDS**

#### **Mallard Point Rolling Oaks Special Assessment Fund**

Mallard Point Rolling Oaks Special Assessment Fund is used to account for property taxes made on behalf of the Mallard Point Rolling Oaks Special Assessment for operating purposes.

# **COMBINING AND INDIVIDUAL FUND FINANCIAL STATEMENTS AND SCHEDULES**

---

## **TRUST AND AGENCY FUNDS – Continued**

### **AGENCY FUNDS - Continued**

#### **Sugar Grove Center Special Assessment Area #10 Fund**

Sugar Grove Center Special Assessment Area #10 Fund is used to account for the maintenance, repair and replacement of storm water detention basins as well as to authorize the implementation and continuation of a Mosquito Abatement Program.

#### **School District Development Impact Fee Fund, Library District Development Impact Fee Fund, Fire District Development Impact Fee Fund, Park District Development Land Cash Fund, Park District Development Impact Fee Fund, and School District Development Land Cash Fund**

School District Development Impact Fee Fund, Library District Development Impact Fee Fund, Fire District Development Impact Fee Fund, Park District Development Land Cash Fund, Park District Development Impact Fee Fund, and School District Development Land Cash Fund are used to account for donations made by developers on behalf of the specific districts for acquisition of property and construction of facilities.

## **STATISTICAL SECTION**

### **(Unaudited)**

This part of the comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the Village's overall financial health.

#### Financial Trends

These schedules contain trend information to help the reader understand how the Village's financial performance and well-being have changed over time.

#### Revenue Capacity

These schedules contain information to help the reader assess the Village's most significant local revenue sources.

#### Debt Capacity

These schedules present information to help the reader assess the affordability of the Village's current levels of outstanding debt and the Village's ability to issue additional debt in the future.

#### Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the Village's financial activities take place.

#### Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the Village's financial report relates to the services the Village provides and the activities it performs.

2017	1,625,750	848,308	832,135	541,086
Change 2007 - 2016	28.0%	7.9%	59.1%	76.5%

(a) Income, motor fuel, and use taxes are received from the State of Illinois on a per capita basis. The population of the Village increased from 3,909 in 2000, based on the decennial census, to 8,997 in 2010, based on the decennial census.

(b) The Village enacted a 1% non-home rule sales tax on July 1, 2007. This sales tax revenue is restricted for use in the Infrastructure Capital Projects Fund.

(c) Telecommunications, electric, and natural gas utility taxes are charged to residents based on the cost of goods/services received. The population of the Village increased from 3,909 in 2000, based on the decennial census, to 8,997 in 2010, based on the decennial census.

Note: Details regarding the Village's outstanding debt can be found in the notes to the financial statements. Operating expenses do not include interest, depreciation, or amortization expenses.

(a) The Village entered into an intergovernmental agreement with Fox Metro Water Reclamation District (Fox Metro) on June 16, 1998. The agreement included the purchase of land by the Village for a new Fox Metro wastewater treatment facility. Fox Metro expanded their current facility rather than build a new plant. The Village and Fox Metro negotiated a payment of cash in lieu of land of \$832,250 which has been excluded from operating expenses above.
